Total	**£8.5M**	**£9.3M**	**£10.2M**	**£28.0M**

Executive Commentary

The Q2 2026 sales forecast reflects continued growth across all business segments, with Business Banking and Retail Banking showing the strongest trajectory. The Commercial Planning Team recommends maintaining current acquisition targets through the remainder of the quarter and reviewing the forecast at the end of May in light of updated market conditions.
